**Workshop July 24. 2019, 9:00 am – 4:00 pm**

## **Bright Christmas**

### Christmas in July

Start this asymmetrical quilt in July so that you'll have one ready to go for the holidays--or several if you become addicted to the pattern and exploring how to change it up like I did. "Bright Christmas" is a free pattern, available from Hoffman California Fabrics, that uses two sizes of equilateral triangles to create a simple yet stunning design. In the workshop, I'll show you how I've adapted the sizes of the triangles to change the quilt from the original lap size (54" x 66") to wall-hanging and tiny quilt sizes. In addition to size variations, you'll discover color and triangle placement options to add depth and originality to the pattern. This is a perfect Christmas fabric stashbuster quilt. The more variety, the better.

Download the pattern

here: [http://hoffmancaliforniafabrics.net/patterns/files/Combo\\_BrightChristmas\\_LR.pdf](http://hoffmancaliforniafabrics.net/patterns/files/Combo_BrightChristmas_LR.pdf)

An equilateral triangle template that allows you to cut a variety of sizes is very helpful--and exponentially expands your design options. We can create templates if you prefer.

The supply list is included in the pattern, but feel free to bring a tote full of scraps to for your creation. Sewing machine, cutting mat, rotary cutter, basic sewing supplies, etc.

Cost: \$50
